LIFETIME
**BATTERY
PROTECTION**

Whether it's your motorcycle, scooter, side by side, ATV, dirt bike, snowmobile, or personal watercraft,

nothing puts a damper on your plans like a vehicle that won't start.

LIFETIME BATTERY PROTECTION

Why is battery protection important?

Unlike your daily-driven car, powersports vehicles often sit idle for extended periods between use. This is a common culprit behind battery failure. Your battery craves regular activity to stay in peak condition and last for years. Whether you ride daily or seasonally, eventually, your battery will need replacement.

CONVENIENT SERVICE

Get battery replacements at any powersports dealership.

OEM QUALITY

Covers the manufacturer's retail price, including original equipment batteries for your specific model year.

LIFETIME COVERAGE

Covers the replacement of a battery for the lifetime of your ownership. If your battery will not hold charge, we will replace it up to \$500 per occurrence.
