Vehicle Service Protection

OUR EASY-TO-USE PLANS ENSURE YOU HAVE THE HELP YOU NEED ALONG THE WAY.

Today's vehicles are incredibly complex. For every part you can see, there are thousands more completely concealed – and it's not just in the engine compartment. Inside your engine, dash, and doors alone are a myriad of controls, wires, harnesses, clips, electronics, pumps, motors, hoses, clamps, belts, bolts and more. *With time and mileage, parts and components will inevitably breakdown. Once the warranty expires, you'll be stuck paying out-of-pocket – and even standard repairs can get expensive fast! For example:*

NOTE: Parts pricing based on average of actual repairs at a retail rate for Parts & Labor. Actual repair costs may vary by repair facility, vehicle and location.
